# DISCOVER NAFPLIO

## Nafplio, the first capital of Greece

After Greece's liberation from the Turks (1830), Nafplio became the first capital of the new state. As a result, the city played a primary role in many important events; institutions were created, buildings were constructed. Walking in the old town of Nafplio is like walking with history, from the antiquity until the newest years and you can easily sense all the important moments that this place lived.

In our lovely city, you can enjoy various things to do, from archeological tours to tasting experiences and different, original activities. Choose the ideal for you and live a unique experience.
